

Date: 25 March, 2021.

To,
The Managing Director,
Bangladesh Foundry And Engineering Works Ltd.
Weast Panthpath, Dhaka.
Bangladesh.

Subject: Offer for supply of Shah Cement Ready Mix Concrete.

Dear Sir,

We feel much pleasure to introduce ourselves **Shah Cement Ready Mix Concrete**, an associate of Shah Cement Industries Ltd. have established **7 units RMC batching plant at Vatara (Capacity- 60m³/hr), Gabtoli (2 batching Plants: Capacity- 90m³/hr & 60m³/hr), Tongi (Capacity- 120m³/hr) and Salna, Gazipur (2 batching Plants: Capacity- 60m³/hr & 60m³/hr), Siddhirganj, Narayanganj (Capacity- 90m³/hr)** have been producing quality concrete by its most modern RMC plants.

Shah Cement Ready-Mix started its production in the last week of March 2010 with production capacity of 26-lac cft per month and our transport arrangement contains 87 transit mixtures with 21 pumps.

Material Specification:

Coarse Aggregate	Fine Aggregate	Cement	Chemical Admixtures
We are using "Boulder Crushed" LC Stone from UAE . All are good to attain the optimum result quality.	We are using 2.5 FM sand in an average as per requirement, being directly supplied from quarry, Sylhet/ Durgapur.	SHAH Cement PCC	We are using Cryso Delta D811 (PCE Base) Origin – France.

Laboratory Test Facility:

Freshly mixed concrete is quality control tested for compliance to specifications, set by the buyer or customer for performance evaluation.

The test will be performed on our own laboratory at Batching plant with randomly collected sample at site. Samples will also be sent to the said laboratory for testing purpose and which to be maintained and cured as per specification. If there is any problem regarding the quality of supplied concrete please inform us within forty days from the supply date of concrete.

We are eagerly waiting to maintain a good relationship with you and like to satisfy with our quality and Service by offering our product for your valued project in BOF, Shimultoly, Gazipur.

PSI & Materials wise Rate:

Strength	Materials	Rate Per Cft. (UAE Stone)	Remarks
3000psi	100% Boulder Crushed	250/-	

Payment Mode:

100% Advance before Supply of RMC with work order, payment to be made through account payee cheque / Pay order in favor of **Mirpur Concrete Ready Mix plant.**

It is mentioned that above mentioned rate will be rescheduled subjected to change the rate structure by management.

Special Note:

- ❖ If use water proofing Chemical (BASF, origin-German), additional charge will be added TK. 5/- per cft.
- ❖ If your order quantity is less than 1500cft, then Taka 6000.00 (Six Thousand) shall be charged for pumping.
- ❖ This offer includes a facility of BUET test report for 28 days on the volume over 1200 cft per day casting.
- ❖ This offer validity 03 days.
- ❖ This price without VAT & AIT.

Thanking you,
For Shah Cement Industries Limited.

Sincerely Yours,

.....
Md. Chand Ali.
